

DERRICKHAND

The Derrickman is responsible for maintaining circulation equipment while drilling. The Derrickhand would have worked his way up through the drilling rig positions. During tripping operations the Derrickman works above the rig floor at the monkey board (all rigs except ADRs).

Duties:

- Working and maintaining circulation on mud tanks
- Mixing Mud
- Working and maintaining pumps
- Working at height while tripping
- Assisting in nipple up procedures
- Supervising and assisting during rig up / out operation
- Assisting in running casing
- Ensuring anyone climbing the derrick uses a full body harness and fall protection above 3 meters
- Assisting the Driller in the maintenance of the drilling rig and other equipment

Salary range: \$30.00 per hour

These positions are based all over Alberta, Northern British Colombia, and Saskatchewan.
