

WELL SERVICE DERRICKHAND

In the position of Well Service Derrickhand the successful applicant will be responsible for the following:

- All work above the rig floor
- Watching and maintaining proper well control characteristics, the rate of fluid circulation, and the preventative maintenance program
- Guiding the pipe off the racking platform while tripping in and out of the hole
- Obtaining and implementing instructions from Driller and Rig Manager
- Helping to identify potential equipment problems
- Rigging up pump, pump lines and accumulator lines properly
- Assisting in cleaning and painting as required by the Driller
- Assisting in moving the rig, rigging up and rigging out
- Listen and watch when others are showing and demonstrating servicing operations, and ask questions

You must also learn and adhere to all Company and Government safety regulations pertaining to the work site.

Additional duties may be required at the discretion of the Driller

The Ensign Energy Services operates a total well servicing fleet of 126 well servicing rigs and 13 coiled tubing units out of the following bases:

- Estevan, Saskatchewan
- Ardmore, Alberta
- Brooks, Alberta
- Grande Prairie, Alberta
- Red Deer, Alberta
- Lloydminster, Alberta
- Edmonton, Alberta

Salary Range: \$28.20 per hour
